## Conference Scope

In a world striving to achieve carbon neutrality by 2050, it is imperative to strike a balance that sustains both our environment as well as the health and comfort of the individuals' inhabiting buildings. Considering that 90% of the current buildings are projected to remain in the year 2050, retrofitting the existing building stock is paramount to reaching decarbonisation goals.

From the perspective of climate goals, reducing energy use in the built environment via energy retrofit and climate neutral newly constructed buildings are critical. However, it is crucial to prioritise indoor environmental quality when reducing energy usage to meet climate targets. Well-designed and executed retrofits are needed to reduce carbon emissions while ensuring healthy indoor environments. Building retrofit professionals, energy conservation experts, ventilation system designers & installers, and indoor air quality specialists must collaborate on innovative solutions to achieve these multifaceted objectives. AIVC 2024 will serve as a multidisciplinary platform to address the emerging challenges by exchanging cutting-edge ideas, research findings, policies and industrial experiences.

The Conference organisers invite contributions centred around the pivotal role of ventilation, airtight building and ductwork designs, and ventilative cooling solutions in enhancing Indoor Environmental Quality (IEQ) and overall health in existing buildings. Case studies demonstrating innovative solutions are also welcome.

## Conference Concept

The Conference will consist of 3 parallel sessions largely devoted to:

- Smart ventilation, Indoor Air Quality and health
- Building and ductwork airtightness
- Ventilative cooling – Resilient cooling

The Conference will consist of a mixture of invited presentations and presentations in response to a call for papers, organised in structured sessions focused on the Conference topics. Some sessions will consist of presentations from the call for papers only, while other sessions will be topical sessions with presentations proposed by a session organiser or by the organising committee. The Conference is combined with an exhibition by industry partners.

## Conference Topics

### Smart ventilation, Indoor Air Quality and health

- Integration of ventilation in building energy retrofits
- Associated health benefits of energy retrofits
- Strategies to reduce exposure to outdoor and indoor air pollutants (filtration, air cleaning, source control)
- Resilient approaches in IAQ management (infection control, hazardous events, etc.)
- Inspection, monitoring, maintenance, reliability and durability of ventilation systems
- Model based data analytics and control strategies for smart ventilation, including the role of consumer-grade IAQ sensors
- Building Information Modelling (BIM), Life Cycle Assessment (LCA) and ventilation systems
- Standards, policies and legislation

### Building and ductwork airtightness

- Role of airtightness in building energy retrofits
- Energy and IAQ impact of envelope and ductwork leakage
- Innovative measurement and airtightening techniques
- Compliance schemes for airtightness
- Long-term performance: durability of airtightness

### Ventilative cooling – Resilient cooling

- Role of ventilative and resilient cooling in building energy retrofits
- Occupant IEQ perception and satisfaction
- Resilient approaches to extreme heat events and climate change
- Control strategies and personal comfort control
- Standards, legislation and compliance tools

## Opportunities for Conference Sponsorship

### Conference sponsor package 01 – Mobile Attendee App

The Mobile Attendee App can transform the event with a captivating attendee app experience, providing live updates in real time. The App can be downloaded and installed on both Android and Apple smartphones.

Conference participants can also search for The EventApp by EventsAIR in their respective App Store as well. Detailed instructions and log in details will be sent to the participants two weeks before the conference, and they will also be included in the signage and program.

#### Sponsor benefits:

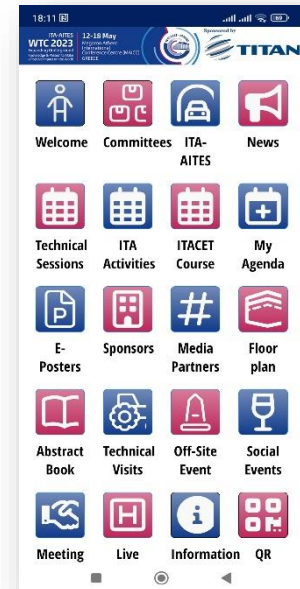

- The sponsor's logo will be included on the banner App stating "sponsored by"
- The sponsor's name will be acknowledged in the Final Programme and on the Conference website

#### Sponsorship fee:

- € 1000

#### Notes:

- This package does not include free registration or participation to the Conference

### Conference sponsor package 02 - Lanyard

The number of each item is estimated to 200 pieces.

#### Sponsor benefits:

- The sponsor's name will be printed on the lanyard acknowledged in the Final Programme and on the Conference website. The final selection will be approved by the Organising Committee

#### Sponsorship fee:

- € 750 for lanyards

#### Notes:

- Sponsor of the lanyards will be assuming costs for their purchase, branding and production. This material must abide by Conference specifications approved by the Organising Committee
- The organisers can also make these arrangements on the sponsor's behalf at an extra cost to be advised
- This package does not include free registration or participation to the Conference

### Conference sponsor package 03 - Company logo and link on Conference website

Effective signage/promotion is key to success of a Conference and is constantly referred to by delegates. This is an excellent opportunity for high visibility of the company's name and link through the official website of the AIVC 2024 Conference.

Logo will appear on a designated area on the website.

#### Sponsor benefits:

- The sponsor's name will be acknowledged in the Final Programme and on the Conference website: logo and link will remain on the official Conference website until the hosting period ends (approx. 2 years)

#### Sponsorship fee:

- € 500

#### Notes:

- This package does not include free registration or participation to the Conference

### Conference sponsor package 04 - Welcome Reception

The Welcome Reception will be attended by all registered delegates.

#### Sponsor benefits:

- The sponsor's name will be acknowledged in the Final Programme and on the Conference website
- The sponsor can place at the Welcome Reception cocktail area, advertising banners, flags and napkins with the company's logo (the cost for the creation and production of those materials is not included in the sponsorship fee)

#### Sponsorship fee:

- € 2.000

#### Notes:

- This package does not include free registration or participation to the Conference

## Conference sponsor package 05 – Coffee Breaks

### Sponsor benefits:

- The sponsor's name will be acknowledged in the Final Programme and on the Conference website
- The sponsor can place at the Coffee Break area, advertising banners, flags and napkins with the company's logo (the cost for the creation & production of those materials is not included in the sponsorship fee)

### Sponsorship fee:

- € 600 per coffee break

### Notes:

- This package does not include free registration or participation to the Conference

## Conference sponsor package 06 – Gala Dinner

The Gala Dinner will take place at **Urban Brewing** and will be optional for all registered delegates.

### Sponsor benefits:

- The sponsor's name will be acknowledged in the Final Programme and on the Conference website
- The sponsor can place at the Official Dinner area, advertising banners, flags and napkins with the company's logo (the cost for the creation & production of those materials is not included in the sponsorship fee)

### Sponsorship fee:

- € 2.000

### Notes:

- This package does not include free registration or participation to the Conference

## Conference sponsor package 07 – Joining TightVent or venticool as a member

TightVent and venticool Gold and Diamond partners are automatically Conference sponsors and entitled to an exhibition stand (package 08).

Let us know if you are interested to join TightVent or venticool.

### Notes:

- This package may include free registration or participation to the Conference

## Opportunities for Conference Commercial Exhibitions

### Conference exhibitor package 08 – Commercial Exhibition

The exhibition will be located at the Conference venue. The Conference Programme will be structured to maximise the opportunity for delegates to visit the commercial exhibition.

### Sponsor benefits:

- The sponsor's name will be acknowledged in the Final Programme and on the Conference website
- Free participation for 1 person to the commercial exhibition, coffee breaks and lunches

### Please note the following:

Space will be confirmed based on the date of receiving the request, after the priority of selection.

### Exhibition Cost:

- Stand size (default): 9m<sup>2</sup> (3m x 3m): **€ 1.500**
- Other sizes available upon request

### The floor space includes:

One (1) power socket (500W), One (1) table and two (2) chairs

### Notes:

- This package does not include registration and admission to the Conference
- “90 second industry presentations”: The duration of the presentation will be strictly limited to 90 seconds. There are no specific requirements related to the type of presentation to be given. The sponsor is free to choose between e.g., video, slideshow, speech/no visual support etc.

## General Information & Important Notes

- All above rates are in Euro (€) and do not include Value Added Tax (VAT)
- According to the Greek Tax Policy, the VAT is 24%
- If your company is a member of VIES, VAT is excluded. Please ensure you provide us with your VIES number for correct invoicing

## Payment Conditions & Cancellation Policy

### Payment Deadlines

For all categories of sponsorships and exhibition, invoices will be issued by CONVIN S.A., as follows:

- 50% of total amount contracted to be paid within 30 days of invoice receipt
- Remaining 50% of total amount contracted to be paid no later than Friday 30 August 2024

### Cancellation Policy

For any cancellation of a Sponsorship and Exhibition contract, 100% cancellation fees will apply.
